Invites to take part in a conference

Challenges in food flavour and volatile compounds analysis

September 22-23, 2022

We would like to invite all interested in various aspects of analysis of volatile and flavour compounds to take part in this two day event. The “Challenges...” is organized for a fourth time, last being organized in 2019. The conference is addressed to all academia scientists, young and experienced, R&D researchers, PhD students interested in the latest developments in techniques to investigate the phenomenon of volatile and flavour compounds in food.

As in previous editions renowned scientists will join us for plenary/keynote lectures including Janusz Pawliszyn (Univ. Waterloo), Chiara Cordero (Univ. Torino), Catrenius de Jong (WUR, Wageningen), Vicente Ferreira (Univ Zaragoza), Veronica Mall (TUM Munich).

The main topics of the conference are:

- Sample preparation methods for volatiles analysis,
- Volatilomics for authenticity, process monitoring,
- Sensomics (key odorants analysis),
- Developments in chromatography for volatile and flavour compounds analysis, especially hyphenated techniques, GC×GC-ToFMS and others
- Non-chromatographic approaches in volatiles analysis (in-vivo testing, SYFT, electronic noses),
- Volatile and flavour compounds non-volatile precursors analysis

Participants are encouraged to submit the results of their research in a form of oral communications (15min.) and posters/flash (5min) posters.

Important dates and information:

- | | |
|---|-----------------------|
| • Registration for the conference | June 30 th |
| • Submission of abstracts (oral/poster) | June 30 th |
| • Decision on acceptance of presentations | July 10 th |
| • Payment | July 15 th |

Kolegium Rungego
Ul. Wojska Polskiego 52
60-627 Poznań

Participation cost:

- Regular (academia) 350 PLN (70 Euro)
- Regular (industry) 450 PLN (90 Euro)
- PhD student 250 PLN (50 Euro)

The fee includes participation in all conference events: get together meeting (Wednesday, 21.09), conference lectures, coffee breaks, conference dinner (22.09), book of abstracts.

Conference starts Wednesday, September 21st at 6pm with get together meeting, lectures start Thursday, 22nd at 9 am, and conference ends Friday, 23rd at 2pm.

- The number of participants is limited due to lecture hall capacity
- All lectures will be given in English, no translation provided
- No accommodation is provided for participants
- Special issue of Molecules Flavor & Fragrance Section is planned for the conference papers (regular peer review and fees apply)

Prof. Henryk Jeleń

Univ. Prof. Małgorzata Majcher

Dr. Martyna Wieczorek

Conference secretary:

flavor.puls@up.poznan.pl

Submission of abstracts: to secretary, according to the template attached.

Payment should be done by money transfer to Uniwersytet Przyrodniczy w Poznaniu: Santander Bank Polska S.A., Account number (PL)29 1090 1362 0000 0000 3601 7894. SWIFT code: WBKPPLPP, In the payment title please provide number 293.71.076_participant's name.
